

BOUND BROOK
PRESCHOOL PARENT HANDBOOK

2021-22

Dear Pre-Kindergarten Parents,

We're so excited to welcome your child to school. It's an exciting time for parents and children alike, and we hope to make the transition into the classroom as seamless as possible.

This handbook is designed to help answer any questions you may have and provide information for you during the school year. If you need further information, have any questions, or need to contact your child's teacher, please call the school directly and we will return your call as soon as possible.

Have a wonderful school year!

Hipolita Hernandez-Sicignano
Principal

- Mission Statement -

Each student in the Bound Brook School District will develop academically, physically, emotionally, and socially in a positive learning environment that provides equitable educational opportunities for all students.

All staff will hold high expectations for student achievement and accept responsibility for helping students meet those expectations. A rigorous standards based curriculum will be provided to all students, which includes a core that specifies the knowledge and skills that all students are to attain.

All staff will be committed to fostering positive relationships between community members, parents, staff, students, and to the continuous improvement of the district. All stakeholders will be involved in the educational process and will be partners in solving the real challenges and complex issues of the 21st century.

Preschool Philosophy

The Bound Brook School District Preschool program provides an educationally based experience for four year old children using the **New Jersey Preschool Teaching and Learning Standards**, in addition to the state-approved, research-based **Creative Curriculum** framework, along with performance based assessment.

A wide range of developmentally appropriate experiences are offered to children utilizing a study- based learning environment that includes interest areas to support learning.

The cognitive, physical, social and emotional development of children is achieved through play-based activities and the interaction of children with their peers and teachers.

Teachers facilitate the learning in a secure, nurturing, safe and well-organized environment with a variety of teaching strategies to meet the needs of a diverse population.

Recognizing the importance of the parents' role in a child's overall development, the program encourages parents to be active participants in their child's learning by involvement in classroom and school activities.

Preschool Organizer

Daily

- Check folders for notes and activities
- Praise your child for good work
- Ask your child about his/her day
- Read daily
- Mark your calendar for upcoming events

Weekly

- Check calendars for upcoming events
- Check for changes in classroom studies
- Reinforce studies/themes at home

Monthly

- Be aware of special holidays/conferences/early dismissals

Progress Reports

Preschool children are observed throughout the year on a continuous basis. Evaluation reports will occur in November, February and June. Conferences will be held in November and February. Please note that February conferences are only scheduled as needed.

September

- Teachers gain knowledge and awareness of student's educational readiness to gauge a starting point for learning throughout the year based on each child's current base of knowledge.

November

- Parent/Teacher conference and report of progress

February

- Mid-year conference (as needed), report of progress

June

- Assessment
- Final report

The Preschool Child

Cognitively

- Likes stories
- Learns by playing
- Needs encouragement to talk and communicate
- Is learning how to listen
- Models language and actions of others
- Is curious and creative
- Likes to change tasks frequently
- Wants to explore and learn

Physically

- Has a great need for activity
- Needs a balance rest and activity
- Must develop large and small muscles
- Is improving eye-hand coordination
- Enjoys music and rhythms
- Is beginning to use simple tools
- Can remain with one task for a limited amount of time
- Should be given time for free play

Emotionally

- Needs to know limits and expectations
- Should know when a job is well done
- Has a great need for security
- Needs structure with time for individual needs
- Is sensitive to the feelings of others
- Thrives in a warm and nurturing environment
- Appreciates warmth and encouragement
- Needs opportunities for success

Socially

- Likes to play with others
- Is learning to care for personal possessions
- Is beginning group interactions
- Needs to be encouraged to share
- Likes to receive praise
- May wish to be alone at times
- Is beginning to share
- Likes to be part of a group

Elements of the Preschool Curriculum

Early Childhood Education programs have two primary objectives:

- Provide a language-based learning environment that promotes receptive and expressive language development.
- Provide a “hands on” learning environment for students, which will help them develop intellectually, socially and emotionally.

“*Creative Curriculum*” is used in the Bound Brook preschool classrooms, which is state-approved, research-based, and aligned with the New Jersey Preschool Teaching and Learning Standards. The curriculum focuses on four areas of development:

Social/Emotional - Physical - Cognitive - Language

Learning areas are set up around the classroom to foster exploration of various “Topics of Study”, which are introduced every six weeks that focus on literacy, math, science, social studies, the arts and technology. The children work in the following learning/interest areas: blocks, dramatic play, art, library, discovery, sand and water, music and movement, computers, toys and games.

The program takes into consideration various learning styles such as auditory, visual, and kinesthetic learners (listening, looking and moving), providing various activities that appeal to students’ interests, and takes into consideration cultural differences and multiple learning levels. There are large and small group activities that build on what children already know, require problem solving, involve tools and materials, and encourage children to interact with their peers as well as adults.

In PK Students Will Be Able to Learn About:

Reading Readiness

- Name Identification
- Color Identification
- Rhyming
- Opposites
- Classifications
- Positional Words and Pictures
- Upper and Lower Case Letters

Social Emotional

- School Routines
- Sharing/Taking Turns
- Following rules/directions
- Cooperation

Math Readiness

- Identifying Shapes
- Identifying Numbers 0-10
- Counting to 20
- Matching Sets
- Identifying Patterns

Language/Listening

- Stories, Fingerplays/Poems
- Daily Calendar
- Morning Message
- Responding to all of the above

Fine Motor

- Manipulates puzzles
- Control of a pencil
- Control of scissors

Language Development

- Group discussions; retell stories
- Speak clearly
- Develop vocabulary

Gross Motor

- Hops
- Jumps
- Catches and Bounces a Ball
- Runs Smoothly
- Balance

Science

- Make informal observations about air, water, plants, animals and seasonal changes
- Expand inquiry skills

Rules of the Preschool Classroom

- Listen to the teacher and the paraprofessionals
- Follow directions
- Always use walking feet
- Keep your hands and feet to yourself
- Clean up after yourself

**additional rules may be added and practiced as needed*

Rewards for Positive Behavior

- Verbal praise
- Praise gestures (high five, thumbs up, pat on the back)
- Read a story with the teacher
- Stickers or stamps

Consequences for Negative Behavior

- Rules reminder and/or warning
- Take a break/cool down
- Note/phone call home

Attendance

Although preschool is not a mandated program in New Jersey, it is an extremely valuable one that is essential in creating a secure foundation for your child's education. It has been documented through scientific-based research that attending a quality preschool program significantly increases student achievement, as well as impacts a child's success later in life. As seats are limited in this program, students may be removed for unexcused absences of **ten** or more days.

- School Supplies-

Backpack

Your child will need a backpack tall enough to hold a two-pocket folder. The type with a zipper is best. These hold more and are easier for children to use than buckles or drawstrings. Your child will feel more independent if they can use the backpack without assistance from a parent or teacher.

Labeling

It is a good idea to mark the things that your child brings to school with their first initial and last name. Items such as backpacks and jackets should be labeled to make them easier to identify and return should they be misplaced.

Spare Clothing

Each child will need to have a spare set of clothing to keep at school in case of an accident. A set of clothes includes a shirt, pants/skirt, underpants and socks.

Bedding

Naptime is an important part of your child's busy school day. Each child will need one small light blanket labeled with your child's name. The blanket will be sent home **every** Friday. Please wash your child's blanket and return it on Monday. The blanket will give your child a feeling of warmth and security during rest time.

Folders

In September, your child will receive a yellow home-school communication folder. The folder will be used to send important notices and activities between home and school.

Please remember to check and empty your child's folder each day. Also, any notes for the school or teacher should be sent in this folder.

Return the folder each day, and we will do the same.

District Information:

Regular Day Schedule

The regular day schedule for PK is **8:10am-2:30pm**. Doors open at 7:50 am.

Half-Day Schedule

On a half-day schedule, the preschool hours are: **8:10am-12:00pm**. Please make all necessary arrangements for drop-off and pick-up schedules on these designated days. Lunch will be provided.

Delayed Opening Schedule

On a delayed opening schedule, the preschool hours are: **10:10am- 2:30pm**. Please make arrangements to have your child dropped off and picked up on time. Doors open at 9:55am.

Early Dismissal/Lates

Sometimes it is necessary for a child to leave school early or come in late due to an appointment. The following procedure must be followed:

- The student must submit a note from the parent to the classroom teacher stating:
 - The student's name
 - The reason for leaving/being late
 - A telephone number for a parent/guardian contact
 - The student will be received/dismissed from the office.
- The parent must sign his/her child out in the office before the child leaves/returns to the building. Be prepared to show a picture ID, for safety purposes.

Illness

It is in the best interest of your child and other children to keep your child at home when they are ill. Your child needs to be healthy in order to actively participate at school. Children may ask to come to school even when they are ill. While your child might be disappointed, please keep him/her at home for the following reasons: contagious illness, vomiting, diarrhea and temperature.

If your child becomes ill at school, you will be called and asked to pick them up promptly. If your child will be absent, please call the school the morning of the absence. On the day of your child's return, please send a note explaining the reason for absence. **LaMonte Annex School (732) 652-7934**

Personal Information Changes

It is very important that we have current contact information for each child. Emergency contact information forms are sent home at the beginning of the school year. Please return them immediately. Please notify the teacher of any changes that may occur throughout the year.

Birthdays

Due to the high number of students with severe food allergies, the increasing numbers of students with diabetes, and the district emphasis on wellness, birthday celebrations may no longer include food. Please save birthday cakes and cupcakes for your home celebration. We realize many parents like to do something special in school for their child's birthday. We'd like to suggest you consider donating a small gift to your child's classroom. This donation from your child might be an educational game, a book for the class library, or a pencil for each student in the room. Please do not send birthday party invitations to school for distribution unless all students from the class are included. It is very upsetting to the students who do not receive an invitation. You are not obligated to celebrate your child's birthday in the classroom; it is your choice. Summer birthdays may be celebrated in May or June.

Holidays and Special Events

When holidays and special events arise, the teachers will send home notices with information you may need, and possible requests for volunteers to participate or supply special items. For families who wish to exempt their child from celebrating due to personal/religious reasons, please send a note to your child's teacher and an alternate educational experience will be made for your child.

At Home Supplies for Your Preschooler

The following items are useful to keep on hand at home for your child. They are great for encouraging fine motor coordination and creativity. Most are inexpensive and can be kept together in a small box. Establish rules as to when, where and how the items may be used and how they should be cared for. Supervise your child during use to prevent accidents that may result in injury or damage. Lack of supervision can lead to frustration making the experience less enjoyable for you and your child.

- ❖ Crayons, Pencils, Washable Markers
- ❖ Drawing paper, Construction paper, Coloring books
- ❖ Water Color Paints
- ❖ Safety scissors
- ❖ Tape, glue
- ❖ Play Dough
- ❖ Yarn

Questions/Concerns:

Please use the following protocol for any questions or concerns regarding your child's educational needs:

- 1) Contact the teacher; if the question or concern is not addressed;
- 2) Contact the Principal.
